This robotic raging imitator and sodomite is working non stop towards trying to destroy humanity. This satanic cult leader manages countless sexual sadists and sexual sadomas in sexual cannibalism. This little fiendish cowardly jealous punk won't stop his envious defilement.

The Spencer bloodline is an extremely evil British nobility with influences in government, media, and military and they are loyal to the House of Habsburg and House of Savoy. The Spencer-Churchills run Serco. Various members of this family have been Knights of the Order of the Garter including John Churchill the 1st Duke of Marlborough. They are extremely self righteous and specialize in mimicry and blood drunken arrogance. They originate from the Despencer family and Hugh le Despencer the 1st Baron of Despencer who held the position of Justiciar of England which is similar to the modern position of a prime minister. The Despencer family held high level positions in the English government. Winston Spencer-Churchill was a well known Prime Minister of the UK. Winston Churchill's grandfather was Leonard Jerome an American financier and friend and business associate of the wealthy Vanderbilt family. Consuelo Vanderbilt was married to Charles Richard Spencer-Churchill the 9th Duke of Marlborough. Anderson Cooper is a two time CIA intern and member of the Vanderbilt family. Anderson Cooper runs propaganda for CNN. The actor Timothy Olyphant is a Vanderbilt and a blood drinking psycho. The Whitney family are an American business clan originally from London and they married with the Vanderbilts. The Whitneys and Vanderbilts oversee York Rite Freemasonry in the United States. Jeffrey Rothschild is a unofficial relative of the Rothschild banking family however he works for the Vanderbilts and Spencers through his education at Vanderbilt University. Jeff Rothschild is worth over 3 billion and was a high level executive at Facebook. Ross Perot Jr. is worth 2 billion and was also educated at Vanderbilt University. The Pease family are also married with the Vanderbilts and they are British bankers with Richard Pease the head of Crux Asset Management. His father Baron Richard Pease was Chairman of Yorkshire Bank and Vice-Chairman of Barclays. The Vanderbilts also married with the Cecil family with George Henry Vanderbilt-Cecil and his ancestor was Chief Advisor to Queen Elizabeth I in the 17th century. Princess Diana of Wales was a Spencer so Prince William is closely related to this family. Charles Spencer the 9th Earl Spencer is a high level member of this family along with his wicked son Louis Frederick Spencer the Viscount of Althorp and daughter Kitty Spencer. Louis

Spencer is a member of the Order of Bath and involved in bathing the human blood. Charles Spencer is involved with the mainstream media and worked for NBC. Randolph Churchill was a politician and journalist. The Spencer family are connected with the Freud and Murdoch families which run News Corp. and Freud Communications which is a marketing and public relations firm. Matthew Freud was married to Charles Spencer's ex wife and remarried Rupert Murdoch's daughter at the Spencer's Blenheim Palace. Emma Freud is a Dame of the British Empire and works in radio and television. Matthew Freud's ancestors are Sigmund Freud the brainwasher and fraudulent psychoanalyst as well as the propagandist Edward Bernays. Jordan Peterson is an agent for the Freud family and works as a brainwasher and architect for psychological warfare. Jordan Peterson basically blames the victims of govern-mental psychological warfare, gang stalking, and emotional abuse. Jordan Peterson is a ruthless devil that cannibalizes human brains. Cannibalism is a top initiation in secret societies.

James Spencer-Churchill the 12th Duke of Marlborough is the head of the House of Spencer along with his son George Spencer-Churchill the Marquess of Blandford. They own the very large Blenheim Palace. Lady Henrietta Spencer-Churchill is married to Nathan Gelber the CEO of Stamford Associates which is an investment advisory company. The half brother of James Spencer-Churchill is Edward Spencer-Churchill and he is a business associate of Prince Valerio Massimo and they founded the aerospace company Auctus Industries and SCM Capital Partners. Edward Spencer-Churchill and Prince Valerio Massimo are extremely sadistic. The knight of the British Empire Rupert Soames is the CEO of Serco and a grandson of Winston Churchill. Serco is a company that privatizes governments and runs health care systems, prisons, military agencies, information services, and transportation for governments. Serco Marine Services is in contract with Denholm Group and they are international human traffickers which have an operation at Neath Port Talbot which uses two red dragons for its flag like the Spencer coat of arms. They are making human sacrifices to a con artist and criminal that is falsely calling himself "Zeus Ombrios" and he lives in Neath Port Talbot. If this ruthless con artist was to call himself anything in reference to Greek Mythology it should be Euryomedon. The child murdering cannibal Taylor Swift worships him and she uses snake symbols and has images of herself holding an apple and this refers to the forbidden fruit which is human flesh. The Spencer family have shares in Serco. Nicholas Soames is also a relative of Winston Churchill and was the Shadow Secretary of State for Defence. Nicholas Soames is currently chairman of the private military group Aegis Defence Services. Aegis has set up criminal operations in Syria. There are towns all over the United Kingdom and its commonwealths that are named Churchill. Charles Spencer's ex wife Karen Spencer established Whole Child International which is involved with orphanages around the world and has been financed by the Clinton Foundation. The royal and noble families are known for their involvement in trafficking children. They use fake charities as fronts. Various members of the Spencer-Churchill family have been involved with military. They founded The Churchill Machine Tool Company which then established Matrix Churchill a precision machining company that was given to the Iraqis which used the company to machine parts for artillery and rockets. The Spencer's agent created Marks & Spencer retail and Marks & Spencer bank which was sold to HSBC. Marks & Spencer through Swiss HSBC bank divisions is used for money laundering by the House of Spencer-Churchill. Henry Engelhardt is an agent of the Spencer-Churchills and a US billionaire that co-founded the UK based Churchill Insurance. Engelhardt refers to his family's origins in England.

Winston Churchill was a Knight of the Order of the Garter which is really a continuation of the Knights Templar of London reestablished under a new name a

few decades after they were disbanded. The Order of the Garter and Knights Templar both use the red cross of Saint George. The Knights Templar were Christian Crusaders that fought to conquer over Jerusalem. They were also bankers and merchants. The name Church Hill has the same meaning as Temple Mount. Temple Mount is a religious site in Jerusalem and where King Solomon built the first temple. King Solomon was considered to be a sorcerer who used "demons" to build his temple. The Knights Templar or Poor Fellow-Soldiers of Christ and the Temple of Solomon took their name from the ruins of Solomon's Temple during the Crusades. Freemasonry is partly based on the Knights Templar and the Freemasons and other similar groups use sorcery or witchcraft to mind control people into doing their bidding like building temples. Winston Churchill was a Freemason and member of the Studholme Lodge No. 1591. The Spencer-Churchills are a high authority over York Rite Freemasonry. Winston Churchill's grandfather John Spencer-Churchill the 7th Duke of Marlborough was a member of the Apollo University Lodge located at the University of Oxford. George Spencer was another member of this lodge. Winston Churchill was Secretary of State for the Colonies during the British Mandate for Palestine which is when many Zionists under contract with the British Crown migrated into Israel. This was supported by the Balfour Declaration issued by the Knight of the Order of the Garter and former Prime Minister of the United Kingdom Arthur Balfour who was a political associate of Lord Randolph Churchill the father of Winston Churchill. Andrew Parker is Director General of MI5 and was educated at Churchill College. The Spencer family have been using Aegis Defence Services mercenaries in Syria which are human traffickers and terrorists. Aegis was founded by the British Knight Tim Spicer. During the war in Iraq videos linked with Aegis Defence Services were released that showed mercenaries shooting at civilians. Richard Spencer is US Secretary of the Navy and worked at Goldman Sachs, Bear Stearns, and Merrill Lynch and he is an agent of the Spencer-Churchills. The name Spencer refers to dispensing or distributing. The Spencer family gave over their machining company to the Iraqi government to make weapons which were likely used to kill American and British soldiers during the wars in Iraq. They also helped to give out land that wasn't theirs to Zionists because the Spencer family are Christian-Zionists and when they get scared they finance Nazi propaganda and blame Jews for their crimes. The Spencers and Churchills are ruthlessly evil and tyrannical.

Charles Spencer the 9th Earl Spencer is a ruthless and disgusting child murderer. The Spencers rape, murder and cannibalize children. Almost all of the royals and nobles are involved in rape, pedophilia, murder, and cannibalism. They also drink human blood and bathe in the blood of murdered children. Those are their initiations. The Spencers are top members of the Order of the Bath.

**Charles Spencer was the only brother of Diana, Princess of Wales. His speech at Diana's funeral was judged one of the 14 best of the 20th century by The Guardian.**

**Educated at Eton College, and Magdalen College, Oxford, Charles worked as a reporter for NBC News's TODAY Show, from 1986 until 1991, and again from 1993 to 1995. He also worked for NBC's Nightly News, Sunday TODAY, and NBC Super Channel. He worked in 30 countries during his NBC years.**

Viscount Louis Spencer the Viscount of Althorp is murderously vain and absurdly narcissistic and he serves the House of Savoy. When they cannot bathe in human blood and parasite off humanity they respond with bombing countries. The Spencers have ordered bombings in Syria when they cant bathe in human blood. They are murderously vain psychopaths. They would murder every person on the planet if it enhanced their appearances. They are like ruthless satanic machines. They have absolutely no humanity inside of them. They are gone. There is nothing more evil and more oppressive than their vanity.

Kitty Spencer is murderously vain and goes into hate filled rages when she can't bathe in the blood of children her and her family murders. They also use human fetuses for their black market beauty products. Kitty Spencer often manages an insolent female gang stalker and lust filled cannibal named Sarah Blue. Sarah Blue is extreme insolence and stupidity as well as murderous vanity, and delusional narcissism.

Conspiracy Outpost was a conspiracy forum that is now closed. It was ran by Cinnamon and UKShep and they are Tavistock agents working under the Spencers. Cinnamon is a top feminist cult leader and a major child murderer. She is one of the most evil. She is the most insane and demented feminist to ever exist. She is so evil that after I exposed them as Tavistock agents UKShep and Cinnamon staged a public fight between each other and then shut down their website. Then Cinnamon hired someone to post some claim that she was shot in the face which she deserves but that did not happen. The story below is completely made up.

Jordan Peterson is a Freudian psychoanalyst and propagandist working for the Spencers and Freuds. Peterson was educated at McGill University which was established by a royal charter which means the British Crown created and own McGill University. The Spencers are married with the British royal family. Royals use universities for recruiting agents like Jordan Peterson who instead of focusing on government corruption and oppression blames its victims. Jordan Peterson is extremely evil, narcissistic, and blasphemous. Jordan Peterson eats human brains because he thinks it makes him more intelligent. He is obsessed with being idolized as a genius. He is not and he uses scientific words while he talks down to people like children. He is a con artist.

George Spencer-Churchill the Marquess of Blandford is apparently a model.

Anderson Cooper is a two time CIA intern and from the wealthy Vanderbilt family. Anderson Cooper was involved in staging the fake Sandy Hook massacre and pushing anti-self defense laws because he is a major pedophile who wants society disarmed so criminals like him can traffic children. They have taken the Sandy Hook fake mass shooting to the point where they threaten people for speaking out against it and the only correct response is to use violence against them. They stage a mass shooting of children, threaten people who expose their fake shooting, and then push anti-self defense laws. That is an act of war and an act of violence on society. Anderson Cooper is a homosexual and a crypto transvestite who rapes, murders, and cannibalizes little boys and that is why he wants society disarmed.

murdered children and acts like an insolent and psychotic robot spewing out envious based lies, slander, and blasphemies with total insolence and all based on his third eye delusions and envy. Then when he comes down from his intoxication he begs for mercy like the coward and fraud that he is.
